comfort

ECOLOGICAL

FUNCTIONAL

CLASSIC

Because classic is simply impressive! modern comfort, with all of the functional advantages and great appearance of parquet flooring, is just irresistible. Not to mention its attractive price. The 3-strip pre-finished flooring, is an icon of classic and elegant style. Its distinctive patterns lend a natural liveliness to every room, while emphasizing the individuality of the furnishings. Oak, Ash or Beech? All three types are sealed with a UV hardened acrylic varnish for additional protection from scratches and cracks. The varnish is not only functional: it contributes to appearance as well. It accentuates the natural character of the wood floor, lending it a softness and warmth.

Wood is a natural product which can include differences in colour or structure. Open joints can occur as well, depending on room conditions. This does not constitute a reason to return the product. Light conditions may cause colour changes of the wood.
