Product specifications are derived from averages resulting from normal manufacturing tolerances in yarn, fiber, temperature, humidity and colour and may vary within normal industry tolerances. Performance is not affected by such variances.

As in all quality carpet tiles, colours are subject to dye lot variation. Shading is a result of pile direction, this is an inherent characteristic & therefore does not constitute a manufacturing defect. Backing or other materials may be changed without prior notice when shortages occur or when technological advancements provide for improvement of product performance.
