WPC Marble Effect

- PRO-TEK™ WPC flooring is at the cutting-edge of modern vinyl flooring. It combines innovative engineering technology and a wide choice of natural and stylish finishes with a complete range of matching accessories.
- PRO-TEK's hard-wearing luxury vinyl layer – with its impact resistant surface, 100% waterproof core and built -in underlay – makes it the ideal flooring solution for any location. It is also incredibly easy and quick to install, with its simple click-lock system and suitability to be laid directly onto existing subfloors.
