## LUXURY VINYL TILES

LVT (Luxury Vinyl Tile) is an innovative, updated version of vinyl flooring and **we are stocking a wide range of options for your selection.** Its realistic designs mimic the look of real wood, ceramic, or stone flooring while still being affordable.

This increasingly popular option is also hard-wearing, scratch-resistant, and waterproof, making it a top contender for any room in a home or commercial space. LVT flooring consists of multiple thin layers of vinyl that offer flexibility, durability, and low maintenance.
