Product specifications are derived from averages resulting from normal manufacturing tolerances in yarn, As in all quality carpet tiles, colors are subject to dye lot variation. Shading is a result of pile direction, this is an inherent characteristic & therefore does not constitute a manufacturing defect.

While every endeavor has been made to accurately reproduce colors, there may be minor variations in color of the actual product because of the nature of yarn dyes, weather at the time of dyeing and differences in display output due to lighting and digital photography and color settings and

Backing or other materials may be changed without prior notice when shortages occur or when technological advancements provide for improvement of product performance.
